HIGH-VIS

Description

The SWS-ALASKA 5-in-1 two-tone high-visibility parka is designed to adapt to different working conditions: the parka and vest can be worn together or completely separately, and the vest's sleeves are removable, allowing for a third configuration as a sleeveless vest. This versatility ensures protection against rain, cold and low visibility at any time of year, without requiring all the pieces to be worn at the same time. A fleece-lined vest for thermal comfort, 4 reflective strips and functional pockets with zips and Velcro fastenings complete the set.

Activity sectors

General use

Construction

Automotive

Transport

Logistics and warehousing

Automotive

Machinery and equipment

Oil and gas

Forest and paper industry

Airport security and private security

Maintenance

Clean after each use in order to prolong its useful life. Maximum 25 washes recommended. When washing, follow the instructions, otherwise the garment may lose its integrity, thus reducing its properties and lifespan. Store the product in a ventilated, cool, dry place away from direct sunlight.

Pictogram explanation

Garment with 4 reflective stripes
