+A1:2018

3121X

### + Description

The SWS-CHE7002 gloves are ideal for use in contact with certain detergents, oils, solvents and some chemical products. Its soft "Interlock" lining offers comfort to the user., while their PVC coating makes them highly waterproof. Thanks to the quality of the materials they are made of, these gloves offer a high level of dexterity, with an ergonomic design to reduce hand fatigue. Their size also provides protection for the wearer's wrist and forearm. These gloves are certified for mechanical hazards EN388:2016+A1:2018.

### + Activity Sectors

Automotive

Metal Fabrication

Agriculture and Gardening

Chemical and Pharmaceutical Industry

Agrochemicals

Oil and Gas

Mining

Cleaning

### + Maintenance

Check the product before, during and after use, if you see any damage, the product must be replaced. Store the product in a ventilated, cool, dry place away from direct sunlight. Gloves must not be washed. When washed they can lose their integrity, thus reducing their properties and their lifetime.
