+ Description

The SWS-CROWS5 wellies offer excellent protection for the wearer, allowing them to be used in environments where waterproof protective footwear is a must. Their PVC + nitrile construction extends their lifespan and improves their resistance so that they can be used in contact with water, fuel oil, acids, grease, etc. making them suitable for a wide variety of working environments.

+ Activity Sectors

Fishing and Harvesting

Marine Environments

Construction

Building Sites

Automotive

Agriculture and Gardening

Oil and Gas

Cleaning

+ Environments

Damp environments, uneven surfaces, slippery surfaces and dry environments.

+ Maintenance

In order to prolong the life of your shoes, we recommend that you clean them regularly and treat them with the appropriate products. Do not dry your shoes on a radiator or near any heat source. Read the instructions for use that come with your shoes.

Protective Wellies S5
