### + Description

Protective shoes with a robust design, strong and flexible construction make these ideal for a wide variety of work environments. It's a practical and durable model with a double-density injected polyurethane sole, steel toe cap (resistant up to 200J), steel protective insole (CE 1100N), water resistant, fuel resistant, anti-static, anti-slip, impact resistant and compression resistant.

### + Activity Sectors

General Use

Transport

Automotive

Light Industry

Construction

Machinery and Equipment

Mining

Oil and Gas

### + Environments

Damp environments, uneven surfaces, slippery surfaces, muddy environments and dry environments.

### + Maintenance

In order to prolong the life of your shoes, we recommend that you clean them regularly and treat them with the appropriate products. Do not dry your shoes on a radiator or near any heat source. Read the instructions for use that come with your shoes.
