

Ventilated Panoramic Safety Goggles

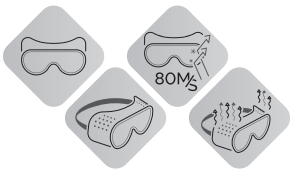

# SWS-GOG1302

HEAD-PROTECT

## Features

Frame material	PVC
Lens material	Polycarbonate
Headband	Elastic
Ventilation	Direct ventilation
Colors	 Black elastic   Transparent lens
Certifying organisation	ECS GmbH (Notified Body: 1883)
Certifications	CE EN ISO 16321-1:2022 D 1-M
Reference on certificate	2B01
Sizes	Unique

## Description

The SWS-GOG1302 ventilated panoramic goggles have been developed for general use in industry, primarily to protect the wearer from eye injuries. Their construction allows for a perfect fit to the face to prevent objects from entering, while their perforations help with the anti-fog function, ensuring crystal-clear vision in all conditions, and their impact-resistant lenses make it possible to use them in a variety of areas.

## Activity sectors

	General use		Construction		Building sites		Glass work
	Light industry		Agriculture and gardening		Forest and paper industry		Locksmiths
	DIY & crafts						

## Maintenance

Clean after each use in order to prolong its useful life. Sanitize the glasses using running water or neutral cleaning liquids. Dry cleaning is not recommended. Do not use paints, solvents, chemicals, adhesives, fuels or similar substances on these glasses. Impact resistance and other protective properties can be compromised by these substances. The loss of these protective properties may not be apparent or readily detectable by the user. After each use, disinfection must be carried out and agents harmful to health must not be used.
