+ Description

The SWS-GRIP3002 gloves with polycotton lining and blue nitrile coating offer excellent comfort and resistance to abrasion, and thanks to their uncoated back they offer good breathability. The nitrile coating provides a good grip. This glove is certified for mechanical risks EN388:2016+A1:2018.

+ Activity Sectors

General Use

Industrial Maintenance

Construction

Building Sites

Transport

Agriculture and Gardening

Horticulture

Machinery and Equipment

+ Maintenance

Check the product before, during and after use, if you see any damage, the product must be replaced. Store the product in a ventilated, cool, dry place away from direct sunlight. Gloves must not be washed. When washed they can lose their integrity, thus reducing their properties and their lifetime.
