### + Description

The SWS-GRIP3003 gloves with polycotton lining, nitrile coating and canvas cuff offer excellent comfort and abrasion resistance while being waterproof. The nitrile coating provides a good grip and thanks to its polycotton lining and mesh cuff they are ideal for use in marine environments and with high levels of humidity. This glove is certified for mechanical risks EN388:2016+A1:2018.

## SWS-GRIP3003

### + Maintenance

Check the product before, during and after use, if you see any damage, the product must be replaced. Store the product in a ventilated, cool, dry place away from direct sunlight. Gloves must not be washed. When washed they can lose their integrity, thus reducing their properties and their lifetime.

### + Pictogram Explanation

EN 388 certified gloves

Abrasion resistant gloves

Waterproof gloves
