+ Description

The SWS-GRIP3005 gloves with 2-strand T/C lining and crinkle latex coating offer excellent comfort, abrasion resistance and dexterity. The crinkled latex coating provides good grip, flexibility and thanks to its breathable lining they are ideal for use over long periods of time. The needle used to embroider this fabric is a 10 gauge. This glove is certified for mechanical hazards EN388:2016+A1:2018.

Wrinkled Latex Gloves

SWS-GRIP3005

+ Maintenance

Check the product before, during and after use, if you see any damage, the product must be replaced. Store the product in a ventilated, cool, dry place away from direct sunlight. Gloves must not be washed. When washed they can lose their integrity, thus reducing their properties and their lifetime.

+ Pictogram Explanation

	EN388 certified gloves		Hand-fitting gloves
	Gloves with slip resistance		Lightweight gloves
	Gloves with material that allows good ventilation
