+ Description

The SWS-HEL1202 industrial safety helmet protects the wearer from falling objects. Ideal for continuous use. Its excellent construction offers high comfort, thanks to its 6-point suspension harness and adjustment band that allows it to adapt perfectly to the wearer's head. Its sweatband and superior ventilation system help to eliminate heat for prolonged use.

+ Activity Sectors

- General Use
- Industrial Maintenance
- Engineering
- Construction
- Building Sites
- Machinery and Equipment

+ Maintenance

Clean the helmet using mild soap and warm water. Do not use paints, solvents, chemicals, adhesives, gasoline or similar substances on this helmet. The impact resistance and other protective properties of the helmet can be destroyed by these substances. The loss of these protective properties may not be apparent or readily detectable by the user. After each use, disinfection must be done and agents harmful to health must not be used.
