+ Description

The SWS-LT4004 gloves, with their mixed construction (Split leather in palm, fingers and vein area, fabric back and safety sleeve), make them an ideal choice for various areas of activity. Made from high-quality materials, they offer high resistance, while their breathable fabric back provides comfort for the wearer. These gloves are certified for mechanical risks, standard EN388:2016+A1:2018.

+ Activity Sectors

General Use

Construction

Building Sites

Agriculture and Gardening

Horticulture

Forest and Paper Industry

Machinery and Equipment

DIY & Crafts

+ Maintenance

Check the product before, during and after use, if you see any damage, the product must be replaced. Store the product in a ventilated, cool, dry place away from direct sunlight. Gloves must not be washed. When washed they can lose their integrity, thus reducing their properties and their lifetime.
