+ Description

The SWS-RAIN1801 nylon rain suit is designed to protect the wearer from splashing water. Lightweight garment with a classic design. The jacket has a front zip opening, elasticated inner cuffs, underarm eyelets and a back vent for ventilation, an adjustable drawstring waist, two front pockets with flaps and a concealed hood. The trousers have an elasticated waistband and adjustable hems with press studs. The seams are heat-sealed for greater comfort and waterproofing, and it contains a storage bag. Due to its excellent design, it facilitates the transition between work and leisure environments.

Machinery and Equipment

+ Maintenance

Clean after each use in order to prolong its useful life. When washing, follow the instructions, otherwise the garment may lose its integrity, thus reducing its properties and lifespan. Store the product in a ventilated, cool, dry place away from direct sunlight. **ATTENTION:** The garment must not be subject to repairs. In case of deterioration, throw this item in the trash and replace it with a new item.
